

PANIMALAR INSTITUTE OF TECHNOLOGY
Department of Computer Science and Engineering
Academic Year: 2019 - 2020 (Odd Semester)

Degree, Semester & Branch : V Semester B.E. Computer Science and Engineering
Course(Subject) Code & Title : OMD 553- Telehealth Technology
Faculty Incharge : Ms.K.Hema Priya, Ms.J.Freeda & Mr.V.Bala Chandar
Date : 11-07-19

Type of Activity: Group Up Group Down

Topic: Unit-I TELEMEDICINE AND HEALTH

Activity Description:

The class was separated into five groups. Students were insisted to create unique group names based on the rules of Identifiers. It was quiet interesting while creating group names.

The concept of the activity was actually to frame two questions per team and the questions were interchanged among the groups and the questions were answered after discussing with the group members. At last it was a discussion time the group leaders were asked to present their answers and justify their answers in front of the class. Finally answers were discussed.

Topics :

1. Public healthcare: Obstructions in the implementation of programmes by government.
2. We are accountable for our own healthcare.
3. Private healthcare system forms the backbone of healthcare system in India.
4. Seeking proper treatment is not everyone's cup of tea.
5. Healthcare: Availability, Affordability and Accessibility
6. How to prevent disparities in availing medical treatment throughout the nation?
7. What effective steps can be taken to create healthcare awareness in both rural and urban areas?
8. Why do doctors in public hospital prescribe medicines that are not all available in the hospital pharmacy?
9. What are the effects of healthcare programmes created by government?
10. Healthcare for all: VIP culture and reserved priorities

Steps:

- Group Creation
- Selection of Team Leader
- Writing Questions in the given sheet
- Interchanging of Questions among different groups
- Answering the Question
- Give the justification about answer by team leader

Outcome of the Session:

- Students were able to connect ideas through discussion.
- Leadership Quality of the student improved.
- This activity encouraged the students to share their knowledge with others.
- The activity was very useful and it was actually a fun through learning activity.
